

Job application and interview strategies for scientists

Duration:	Equivalent of two workshop days, spread over four days. This course includes three to four live webinar sessions. Optional extra: written feedback about application documents and/ or private feedback for each learner
Trainer:	Karin Bodewits or Philipp Gramlich
Target group:	PhD student and postdocs

You're a scientist and want to apply for jobs in- or outside of academia? In this course you learn how to 'sell' your skills, stand out from the crowd and score the job you really want.

In this course you'll learn about:

- Application strategies & 'the hidden' job market
- How to read job ads
- How to 'sell' yourself and your skills
- Writing successful application documents
- The job interview and your personal pitch
- Salary & contract negotiations
