

Job application and interview strategies for scientists

Duration:	Equivalent of two workshop days, spread over four days. This course includes three to four live webinar sessions
Optional extra:	Written feedback about application documents and/or private instructor feedback for each learner
Trainer:	Karin Bodewits or Philipp Gramlich
Target group:	PhD students and postdocs

You're a scientist and want to apply for jobs in- or outside of academia? In this course you learn how to 'sell' your skills, stand out from the crowd and score the job you really want.

In this course you'll learn about:

- Application strategies & the 'hidden' job market
- How to read job ads
- How to 'sell' yourself and your skills
- Writing successful application documents
- The job interview and your personal pitch: online and offline
- Salary & contract negotiations
