

PhD, and next? Career options, skills and orientation for scientists

Topic area:	Career development
Format:	Online or in-house workshop
Workload:	4 webinars of 2-2.5 h each = 2 workshop days
Trainer:	Karin Bodewits or Philipp Gramlich or Lisa Steinhauer
Target group:	PhD students and postdocs

So, you finally have a science degree- or will in the future. What to do with it? Are all doors open to you or is there still a lot of work to be done?

In this course you'll learn about:

- About yourself: Your interests, values and skills
- Career options: There are many more options than you think and you will be able to change between them
- Shall I do a postdoc or not?
- Skill development: Which (hidden) skills do you already have, which can you develop during your time in academia
- Skills match: What do employers want from you? How to sell yourself?

Course flow online

Day 1	Day 3	Day 5	Weeks 2-3
Live webinar - kick off - course introduction - Interactive lecture and group work	Live webinar - group exercises based on homework - theory input	Live webinar - group exercises based on homework - debriefing	Individual written or oral feedback from the instructor
Individual and group course work (online and offline)	Individual and group course work (online and offline)	Individual and group course work (online and offline)	

About making notes during the course

All participants receive a script of the course in PDF format for offline and future use so that they can work through the material offline as well as after the course. All videos contain a full, downloadable transcript. All eBooks on the learning platform are downloadable in pdf format.

This workshop can be combined with "Job application and interview strategies for scientists" to give the workshop "Goodbye academia?", which gives a complete overview over the most common career development topics for scientists.
